The Institution offers the best possible environment and learning experience to encourage students to perform to their full potential.

Students play a pivotal role in the evaluation, development and enhancement of the quality of this learning experience. Feedback from students allows the institute to evaluate how its service provision is viewed by its one of the most important stakeholder i.e. students.

The feedback analysis process has put an increasing emphasis on the need for involvement of students in the quality assurance of higher education. Student's involvement requires that students act as collaborators , rather than merely passive receiver of teaching and learning.

Objective of student Feedback on INSTITUTION

Student feedback on study-units has three main objectives:

1. To provide student with the opportunity to comment on the quality of their learning. experience, as required in preparation for and as part of review process.
2. To assess the success of academic provision in relation to the expectations of students.
3. To provide feedback to lectures in order to improve delivery and/or content of curriculum.

Focus of the student Feedback Form

The student's feedback form focuses on the following issue.

1. General question on the college
2. Comparison between study-unit description and actual delivery
3. Lecturing methodology
4. Lecture attribute
5. Method of assessment
6. Administration and Resources

Student's feedback helps in adhering the process of quality assurance. Result of the feedback process is made available to the teachers of each department concerned. Head of Department and areas for appropriate follow-up action are identified and communicated to Departments. The result of the student feedback process, as well as the recommendations and the action taken on the basis of such recommendation are important consideration for the course review which each Department is required to undertake.

Role of Class Representatives:-

Class representative are the link between college administration and students. They attend meeting every month, put forward proposal in the interest of student community and write minutes of the meeting to implement various decision taken by students council.
